WAR RAGES IN DEADLIEST EARNEST

Bulgars Rain Shrapnel on City of Adrianople After 24-Hour Truce

TURKS MAKE SORTIE AND LOSE THOUSAND TO FOES

Bulgars May Make Infantry Attack—Turks Claim Victory at Sculari.

CONSTANTINOPLE, Feb. 5.—With the departure of the Grand Vizier, Premier Shevket Pasha, for the front, the first offensive move of the Turks in the Balkan war is expected at Tchatalja. While officials of the Porte refuse information, it is freely stated in military circles that the policy of defense will be abandoned, and that the reinforced Tchatalja defenders under the personal command of Shevket Pasha will make a supreme effort to drive back the Bulgars before their flank attack on the Darandelles forts can open the way to Constantinople for the Greek fleet. The entire Turkish and Arab force of Gallipoli will probably be diverted to the attack. This plan is believed to have been forced by the extreme jeopardy of Adrianople.

Shevket Pasha started to Tchatalja soon after the news of cessation and resumption of the bombardment of Adrianople was received. Brief dispatches said the Bulgars ceased firing and demanded the city's surrender. This the Turkish commander, Shukri Bey, refused. The allies then renewed the cannonade. No report is available as to the condition of the besieged city. It is generally believed here that the Bulgars and Serbs will venture an infantry attack on the fortifications under the protection of the great siege guns.

Reporting from Adrianople by wireless, Shukri Pasha said: "The enemy is bombarding the city with 138 common siege cannon and eleven shrapnel guns. Shrapnel falling on the town has killed eight inhabitants, wounded ten and set fire to fifty-eight houses. The bombardment continues."

LONDON, Feb. 5.—The bombardment of Adrianople, reported in Sofia dispatches as being stopped for 24 hours, has been resumed, according to later Sofia dispatches to Reuters' News Agency. No explanation is given, but it is believed here the Turks flatly refused to surrender. It is expected the Bulgars will attempt to storm the fortifications tonight.

FALL OF SCUTARI DENIED—TURKS CLAIM VICTORY

LONDON, Feb. 5.—Constantinople dispatches deny that Scutari has fallen or that the Turkish commander is negotiating with a view to surrender. It is officially claimed that the Turks successfully sortied, capturing two battalions of Montenegrins, and four hundred carloads of ammunition and supplies. The Montenegrins are reported as having been disarmed and paroled until the end of the war.

BULGARS GIVE CHANCE FOR SURRENDER OF ADRIANOPLE

SOFIA, Feb. 5.—The bombardment of Adrianople by the Bulgarians stopped at 11 o'clock last night when the Bulgarian commander under a flag of truce informed the Turks that conditions would be made for the city's surrender. If they refused, firing will be resumed, the Bulgarians declaring they will burn the city. One of the Bulgarian wings moved nearer Adrianople today and the rival outposts are now in shooting distance of each other. A general assault is predicted.

SOFIA, Feb. 5.—Dispatches from the Bulgarian front at Adrianople tonight say the Turks under Shukri Bey made a sortie from the city, but were repulsed by the Bulgars, who took 2000 prisoners. Many are reported as killed and wounded.

45,000 TURKS OPPOSE BULGARIAN ADVANCE

VIENNA, Feb. 5.—Desperate fighting between the Turks and Bulgars on the Gallipoli Peninsula is reported to have started at sunrise today. Both sides are reported as losing heavily. Forty-five thousand Turks and Arabs are disputing the Bulgar advance.

REQUIESCANT IN PACE

WASHINGTON, Feb. 5.—Former Senator Joseph W. Bailey's farewell address to the senate will not be printed as a public document. When Senator Martin proposed it yesterday Senator Smoot objected to having the speech reprinted at the government's expense.

Sylvia Jailed She Will Start Hunger Strike

LONDON, Feb. 5.—Sylvia Pankhurst was offered the alternative of a \$10 fine or fourteen days in jail, when arraigned in Bow street court today, charged with disturbing the peace during the recent suffrage riots. She refused both, declaring she would start a hunger strike if she was jailed. Miss Pankhurst's imprisonment was ordered.

10 PORTLAND MEN INDICTED FOR BUSINESS CONSPIRACY

PORTLAND, Feb. 5.—Charging conspiracy and unlawful combination for restraint of trade under the Sherman law, a federal grand jury has returned an indictment against ten Portland commission companies, members of the Produce Merchants' Exchange.

The indictment contains two counts charging specifically conspiracy and unlawful combination. It alleges the association refused to permit wholesale jobbers to do business unless they were members of the association. Five produce brokers, alleged to control ninety per cent of the sales of produce here, are mentioned as directing all shipments to the association members to the exclusion of the independent wholesalers.

LOS ANGELES, Feb. 5.—While a Santa Fe freight train blocked a crossing so that an ambulance was unable to pass, Joe Winkler, a passenger in the ambulance, died of a fracture of the skull. The train was finally cut at the plea of the ambulance driver. Winkler was a teamster who fell from his wagon and was run over.

KENT LEADS WAR TO OPERATE IT ON RODENBURG FAIR BILL FROM WATER WORKS

Bill Asks \$2,000,000 For Panama Fair and Commission of Seven Members

NO OBJECTION TO MONEY BUT TO THE COMMISSION

Graft Is Charged, Juicy Salaries Being Provided For Commissioners

WASHINGTON, Feb. 5.—With representative Kent of California head-

ing the opposition, the battle over the Rodenburg bill carrying two millions appropriation for the San Francisco exposition and providing an exposition commission of seven members, was staged in the house today. Painted views of the exposition site and sketches of the proposed buildings hung on the anteroom walls.

Little opposition to the proposed \$2,000,000 appropriation is apparent but much objection to seven commissioners plan has developed. Congressman Kent and his followers favor the appointment of but one commissioner, the Californian referring to the other plan as a "gigantic graft."

The Rodenburg bill provides handsome salaries for the commissioners.

SOLONS OUT ON VACATION OF MONTH

Legislature Adjourns to March 10—Constituents May Now Study Measures

SACRAMENTO, Feb. 5.—The state legislature adjourned yesterday afternoon at 5 o'clock for the constitutional recess provided in the Caminetti amendment to the state constitution. It will reassemble on March 10 and conclude the work of the session about May 1.

A swarm of bills and constitutional amendments were introduced in the closing hours by legislators of both houses, swelling the grand total to 3736 measures. Only 2814 bills and amendments were introduced at the session two years ago. Of the unprecedented number this year, 2019 were offered in the Assembly and 717 in the Senate.

Why the Bifurcated Session

The theory of the Caminetti amendment authorizing the divided session is that the public should be given opportunity to inform itself of the measures pending before the legislature. It provides that the legislature shall, after convening in session for a period not to exceed thirty days, take a recess for not less than thirty days, after which, on an agreed date, the legislature shall reassemble and complete its work. During the first period bills are introduced, and the preliminary work of the session carried out. The second period is devoted to the passage of bills. During that period each member is permitted to introduce two bills, but under restrictions which will make even the introduction of that number difficult. California is the only state in the Union which has tried this experiment. The experiment will be watched with real interest.

The interim between the sessions is supposed to give the constituency an opportunity to study the proposed laws, and the legislators a chance to study the opinions of the people.

President Will

W. L. Duggan, president of the school board, is still ill, and was unable to attend the meeting last night. Director J. M. Cain occupied the presiding officer's chair. The board voted to select Director Cain to present the diplomas to the grammar school graduates at the exercises to be held Friday evening.

The Spurgeon School building was formally accepted last night, and the final payment on the contract price, \$20,400, was made to the contractor, A. C. Black. The building has been occupied by classes since Dec. 30, but the building had not been finally accepted. Boys' clambering over the building had broken about thirty-five of the tiles that cover the building, and these had to be replaced before the building was accepted.

Last night the resignations of two teachers, Miss Baxter of McKinley School and Miss Hopkins of Lincoln School, were received, and the two teachers will accept positions in the Los Angeles schools. Last night Miss Mary Giffen and Miss Stella Ballau were elected to fill the vacancies.

Settlement was made with the fire insurance company having the insurance on the manual training and domestic science building, \$20 being accepted by the board for damage done by the fire, which was caused by a defective heating plant.

For a satisfying repast, Milk Bread should be the basis—the deliciously rich Milk Bread made by the Dragon is especially recommended.

ZERO WEATHER IN THE MIDDLE WEST

CHICAGO, Feb. 5.—There is much suffering as a result of zero weather throughout the middle west. One death has been taken place here. Duluth, Minn., reports twenty-four degrees below zero; Devil's Lake, N. Dakota, thirty-four below.

MIND WEAKENING, YOUNG MAN TOOK HIS OWN LIFE

Disappearance From Home Explained By Finding of Body in Morgue at Redondo Beach

His mind weakening for some unknown reason, despondency setting in, Doren E. Hess, aged 24, left his home, three miles west of Santa Ana, Sunday, and Monday night at Manhattan Beach he committed suicide by sending a bullet into his brain.

Yesterday afternoon G. H. Hess appealed to Sheriff Rudbeck to aid him in locating his son. Hess stated that about ten days ago he noticed that his son Doren appeared to be very despondent. He would eat nothing, and acted strangely. The father asked him if anything had happened. Doren replied that nothing had happened and that he was not especially ill.

Last Sunday the young man started for Dominguez to attend the aviation meet. It was found later that before going he had made a check to his mother for what money he had in the bank. He had \$5 with him. Yesterday evening the sheriff sent out photographs and descriptions of the missing man. One of these went to the city marshal at Redondo Beach, with the result that word was received this morning that the body of Doren E. Hess lies in the Cate Undertaking Parlor at Redondo Beach. Until the arrival of the description and photograph the body had not been identified.

The body was found yesterday morning about 6 o'clock lying beside the board walk at Manhattan Beach. There was a bullet hole in the man's head and a revolver beside the body, indicating to those who examined the premises that the man had committed suicide. The fatal act was committed sometime Monday night.

It is expected that the father of Doren Hess will arrive at the Redondo undertaking parlors this afternoon. The city marshal of Redondo is positive that the body there is that of Hess.

LAW LAYS HANDS ON ALLEGED FUGITIVE KAISER'S SON IN RAILROAD WRECK

J. T. Wilson of Douglas, Ariz., Put Under Arrest on Charge of Mail Fraud

DOUGLAS, Ariz., Feb. 5.—After living here for more than a year, bank officer, prominent in church and charitable work, J. T. Wilson is under arrest by federal officers who declare he is J. M. Sims, who is under \$8000 bond to answer to the Western Tennessee federal district court on the charge of using mails to defraud in connection with the sale of stock of the American Trust Company of Memphis.

Sims was captured after a fifteen-months search leading from Memphis to Los Angeles and then to Douglas. They allege five men, connected with the Memphis affair, are serving penal terms. They claim the men operated in Tennessee, Iowa, Illinois and California. Wilson says it is a case of mistaken identity. He waived preliminary examination, saying he is willing to go to Memphis immediately.

REUNION OF BRAVE DESERT PIONEERS

"Death Valley Argonauts" Who Drank Blood on Fearful Trip of 63 Years Ago, Re-Meet

SANTA CRUZ, Feb. 5.—Survivors of the party of "Death Valley Argonauts," who crossed the desert into California sixty-three years ago, held a reunion yesterday at the home of Mrs. James W. Brier, one of the party, now 99 years old. Thirty-six of the band of 200, who drank blood to quench their thirst in crossing the arid salt sink, were present, every surviving member but one.

Four generations of the Brier family attended the reunion. Mrs. Brier's son, Rev. J. W. Brier, who was six years old at the time of the expedition, tramped across the last stretch of desert clinging to his mother's hand, the wagons having been burned for fuel.

John B. Colton, 81 years old, came from Galesburg, Ill., to attend the reunion. John Groscup of Laytonville, Humboldt county, who is 81, was unable to attend.

Old records of the trip, passed around at the banquet table, showed that the "jayhawkers," as they called themselves, left Galesburg, Ill., April 5, 1849. The party was the first to explore Death Valley.

"Home made bread" as a majority of people find it, is a sentimental vagary; even the best of home-made bread will not compare with Dragon Milk Bread.

PROPOSES ESTABLISHMENT OF SCHOOL FOR ORPHANS AND CRIPPLED CHILDREN

Senator J. N. Anderson yesterday introduced into the legislature a bill for the purchase of a site for a school for orphans and crippled children, the measure to carry with it \$20,000 for the purchase of the site.

The proposal emanates from Orange. The bill was introduced at the request of the Commercial Club of Orange, which has assurances that if the site is purchased the money for the construction and maintenance of the school will be forthcoming, either as a bequest or as a donation.

The matter was laid before the Commercial Club by Dr. D. F. Royer, who stated that he was not at liberty to disclose the name or names, but he was in a position to say positively that if the site is purchased by the state the school would be provided. It is proposed to establish this school at or near Orange.

DARROW CASE IN HIS OWN HANDS

NERVOUS BREAKDOWN IS MENACING—QUITS CASE

Franklin Put Through Grilling Cross Examination Today By Defendant

LOS ANGELES, Feb. 5.—Clarence Darrow continued his cross-examination of Detective Bert Franklin, who alleges that he bribed Bain on Darrow's order. The defendant's efforts were directed to secure an admission from Franklin that he knew Darrow opposed Bain as a juror while Franklin personally favored him. He met with little success, although he compelled Franklin to admit that he made reports on secret investigations on possible jurors to other McNamara attorneys than Darrow. Franklin's answers were continually evasive, Judge Conley ordering him to return direct replies.

Darrow in trying to elicit from Franklin the statement that he reported to various McNamara attorneys, finally declared: "Yesterday you testified that you reported only to me. In my first trial you said you handed a report to each of the McNamara attorneys."

Darrow then read from the record of the previous trial. Franklin frequently trying to interrupt him, the judge preventing.

Earl Rogers surprised the attorneys on both sides by appearing in court. He looked haggard and drawn, and reported to the court that he will not attempt to reappear in the case, as he is suffering from a near nervous breakdown.

NEW YORK AFTER EXCHANGE BROKERS

Seven Bills Before Senate For Protection of the Public From Their Wiles

ALBANY, Feb. 5.—Radical reforms in the operation of the New York Stock Exchange are provided for in seven bills introduced in the state senate today bearing Governor Sulzer's approval. Protection of the public from deception is the underlying feature of each measure.

The first limits the legal rate of interest to fifteen per cent, branding any excess as usury. The features of the other bills are: Making it a felony for publishing with intent to deceive any purchaser of stock where in no actual change of ownership is affected, with penalty of \$5000 fine or two years imprisonment; making it a felony to publish information regarding stocks when such information is known to be false, or for a broker knowing himself insolvent to accept money from a customer; making it a felony for anyone to inflate or conspire to inflate prices or depress the market; making it a felony punishable by \$5000 fine for a broker to trade against a customer's orders.

JACK JOHNSON TO BE TRIED ON FEB. 25 FOR "WHITE SLAVERY"

CHICAGO, Feb. 5.—The demurrer filed by Jack Johnson to the indictment charging him with white slavery was overruled today by Federal Judge Carpenter. The date of his trial was set for February 25th.

Johnson's demurrer was based on allegations that the Mann law is unconstitutional. After it was overruled the negro was arraigned. He pleaded not guilty and was promised a speedy trial.

IN THE JUSTICE COURT

IS SURPRISED
BY HIS ARREST

Luther Sold Cow, Thought He
Had Plenty of Time to Settle
With Owner

A mystified and surprised young man was brought into Justice Cox's court this morning. He was charged with petty embezzlement. J. B. Ruggles, who lives at Ocean Beach or Venice, an old man, swore to the complaint. He said that he turned over to the defendant, Walter W. Luther, a cow to be traded off. Luther sold the cow for \$50, just as stated by Ruggles. He used to work for Ruggles and made several trades and sales for him. He did not expect Ruggles down for several weeks. Mrs. Luther was taken ill and Luther used the \$50 to pay the expenses, expecting that he would have plenty when Ruggles made a trip here. But Ruggles came earlier than expected. The last time Luther saw him was when they rode from Santa Ana to Stanton together, Luther explaining the situation and Ruggles saying it was all right.

This morning with the warrant, Constable Jackson went to Wintersburg and got Luther. Luther pleaded not guilty to the charge, and his trial was set for Mar. 4. He gave \$100 bail and went his way.

A Real Twister
F. S. Davis' suit against O. C. Overman for \$75.25 has developed some peculiar turns. Overman had his automobile repaired at Davis' shop. The bill was \$75.25. Under the law there is an automatic lien on an automobile for repairs, even though the machine passes possession to the owner. Overman got the machine. Attorney Harding for Davis slapped an attachment on Overman's machine. That released the lien. Attorney Tarver for Overman knocked out the attachment. Papers were corrected, and another attachment was levied. Tarver has knocked that attachment out, according to a ruling of Justice Cox yesterday. The automobile is foot-loose.

H. T. METZGAR TO BE
BURIED IN FAMILY
PLOT IN THE EAST

A telegram received Tuesday evening by Mrs. C. H. Metzgar, states that Mr. Metzgar arrived safely in Pittsburgh with the body of his father, H. T. Metzgar, who died in Santa Ana January 28. Two brothers, Dr. G. A. and Clarence Metzgar, met Mr. Metzgar and together they accompanied the body to the home of their sister, Mrs. J. F. Potts, in Greensburg, Pa., where funeral services will be conducted Thursday.

Another sister, Mrs. Ed. Gallagher, is in Greensburg. All of the children will be in attendance at the funeral and will accompany the father's body to Pokern Cemetery where it will be interred in the family plot beside the remains of their mother, who died some years ago.

BOARD OF SUPERVISORS

LONG SENTENCES
OF MEXICANS TO
JAIL COME HIGH

Supervisors Think Ends of Justice
Would Be Served With
Shorter Terms

Generally When Head of House
Is In Jail Rest of Family
Wants County Support

Some of the members of the Board of Supervisors may have a conference with two or three justices of the peace of this county on the question of how much good does it do to send the ordinary Mexican to jail for more than a month.

Everybody who knows anything about the Mexican problem, knows that oftentimes sentence of a Mexican to jail means that the family will apply to the county for support during the period of the Mexican's incarceration. If the term is but a month, the probability of the sentence costing the county anything for the care of the family is slight. If the sentence is for six months the probability is pretty close to a certainty. Most of the Mexican cases in this county go into the Anaheim and Santa Ana courts.

This morning the matter came up for discussion among the supervisors, who are anxious to keep the indigent roll down as low as possible. This winter there have been from forty to eighty men in jail, most of them Mexicans and many of them with families. The supervisors said that Justice Cox, in whose most of the cases are handled, has been doing good work in making the penalties fines instead of jail sentences. The supervisors, however, want to impress upon the minds of the justices of the peace that sending a Mexican to jail for a long term oftentimes turns out to be a costly procedure for the county, not that the supervisors want to prejudice the court in any manner but merely to show that the county has an interest in the cases.

"Circumstances will alter the cases, of course," said Supervisor Struck, "but for the ordinary drunken disturbance, a short sentence will do the Mexican as much good as a long sentence."

Petition Granted
This morning the petition for the formation of a new school district southwest of Anaheim was granted, the new district to be known as the Katella school district.

Franchise Sold
The Birch Oil Co. bid \$100 for the franchise applied for by it for a pipeline from the Birch oil well to Brea, and the franchise was awarded to the bidder. The pipeline is to be constructed for the purpose of supplying natural gas to Brea.

Bonds \$5000 Each
County Clerk Williams reported that Los Angeles and San Diego counties require \$5000 bonds from each of their highway commissioners. It was concluded to fix that amount for each of the highway commissioners of this county.

Petition Granted
The petitions of W. A. Gaerte and Perry Lewis for permits to lay pipelines on county roads were granted.

To Settle Case
The district attorney was authorized to make a settlement of the suit of Orange county vs. Colgan, a suit to collect for fumigation done by the county in a grove at Tustin.

TRY IT! SAYS SAGE TEA DARKENS
AND BEAUTIFIES FADED, GRAY HAIR

Mixed With Sulphur Makes
Hair Soft and Luxuriant and
Removes Dandruff

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is coming in vogue again, says a well-known downtown druggist. It was our grandmother's treatment and hundreds of women and men, too, are again using it to keep their hair a good, even color which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage. Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use

product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is the most popular because nobody can discover it has been applied. Simply dampen a soft brush or sponge with "Wyeth's Sage and Sulphur" and draw this through your hair, taking one small strand at a time. Do this tonight, and by morning the gray hair disappears and after another application it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it produces that soft lustre and appearance of abundance which is so attractive; besides prevents dandruff, itching scalp and falling hair. Here, you gray-haired folks, get busy; look years younger. Rowley Drug Co.—Advertisement.

EUGENICS SOCIETY FORMED
TO PROMOTE WELFARE OF
FUTURE BABES OF WORLD

DENVER, Feb. 5.—To promote the health, wealth and happiness of the future generations of babies in all parts of the world, a society has been organized in Denver to be known as the National Eugenics Society, backed by Denver physicians and the leading exponents of child welfare in all parts of the country. Denver is to be made the national headquarters and a movement will be started at once to provide a permanent building.

The Officers
Officers of the new organization are Mrs. Mary T. Watts of Audubon, Iowa, known as the mother of the eugenics movement, president; Dr. Mary Elizabeth Bates of Denver, vice-president; O. M. Plummer of Portland, Ore., second vice-president, and

Dr. Agnes Dittson, Denver, secretary. Members of the new organization comprise such prominent authorities as David Starr Jordan of Leland Stanford University, C. B. Davenport, secretary of the Eugenics Record Office, New York, and F. A. Wolff of the Bureau of Labor, Washington.

To Spread Movement
It is planned to spread the movement throughout the entire country, organizing state associations from which the members of the national society shall be recruited. The object of the society is to promote a proper understanding of eugenics by encouraging exhibits in all parts of the country of child welfare work, exhibits of the Mendelian (hereditary law) and by baby health contests.

Rouse of Los Angeles; a sister, Mrs. Lydia Rowley, Santa Ana; two brothers, A. M. Rouse, Des Moines, and J. D. Rouse, New Orleans.

GERMAN TOWNS IN
FAVOR OF GRAND
SCALE ARMY BILL

BERLIN, Feb. 5.—A resolution regretting the hesitation of the German army authorities in introducing an "army bill on a grand scale" corresponding to the gravity of the present time, was unanimously adopted yesterday by the executive committee which is composed of representatives of towns with less than 25,000 population.

The resolution further declares that the "smaller towns of Germany" although already heavily burdened are willing to make great financial sacrifices in order to enable the fatherland to be able to throw its sword into the scale in favor of European peace.

WHEN YOUR CHILD
GETS CONSTIPATED

Cleanse Its Little Stomach,
Liver and Bowels With
"Syrup of Figs"

Look at the tongue, Mother! If coated, it is a sure sign that your little one's insides, the stomach, liver and bowels are clogged up with purifying waste matter and need a gentle, thorough cleansing at once.

When your child is listless, drooping, pale, doesn't sleep soundly or eat heartily or is cross, irritable, feverish, stomach sour, breath bad; has stomach-ache, diarrhoea, sore throat, or is full of cold, give a teaspoonful of Syrup of Figs, and in a few hours all the foul, constipated waste, undigested food and sour bile will gently move on and out of the little bowels without nausea, griping or weakness, and you surely will have a well, happy and smiling child again shortly.

With Syrup of Figs you are not dragging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed. A little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious, tasteful, genuine old reliable. Refuse anything else offered.—Advertisement.

BABY JOSEFA
A HAPPY TOT

Los Angeles Times: Baby Josefa Martinez sat in the Juvenile Court yesterday without a care in the world.

The day before she was starving, ragged and dirty. Her mother lay in a stupor. Death was near the baby, and it waited unceasingly. After her recovery by Humane Officer McLaughlin, she was washed, her curly hair combed and a cute white bonnet, blue coat, a white-dotted blue skirt, shoes and stockings provided for her.

The first thing that Mrs. Grace Starr, who was given temporary custody of the baby, thought of when she reached her home at No. 144½ North Main street, was to feed Josefa. The eager hands clutched a glass of milk and drained it. A second, third, fourth and fifth glass followed with a sigh of fullness, Josefa curled up and fell asleep.

Plenty of milk and tender care transformed Josefa. Her eyes sparkled, and her hands and feet jigged time whenever Mrs. Starr or McLaughlin poked a finger at her. McLaughlin poked Josefa in the ribs and her merry laugh brought the eyes of every woman in the courtroom to her like a magnet.

Meanwhile, Mrs. Martinez lay propped down at the Receiving Hospital, receiving attention for the cuts she had taken. She was later sent to the County Hospital. Judge Wilbur gave Josefa to Mrs. Starr to care for until other provision can be made for the baby. Action in Mrs. Martinez's case must wait until she is able to attend court.

As far as McLaughlin could learn her story, Mrs. Martinez was brought to this city from San Juan Capistrano by a man. A bottle containing alcohol was recovered by McLaughlin and is being held as evidence. That Josefa was saved at a critical time was shown by McLaughlin's testimony. For the first time in her life, perhaps, Josefa is happy. She has warm clothes, plenty to eat, and a doll to play with.

W.C.T.U. HEARS OF ACTIVITY IN COUNTY

Anaheim to Open Crusade
Against Saloons—Women
Aid Y. M. C. A. in Efforts

A very interesting and profitable quarterly executive meeting of the County W. C. T. U. was held yesterday in Garden Grove in the Methodist Church. The women of Garden Grove have a way of making those attending these executive meetings feel most welcome. They had made the church cheery with Chinese lilies and pepper boughs, and at the noon hour served a splendid chicken dinner, with correspondingly appetizing accessories. The ladies renewed acquaintance at this time, the hour being devoted to sociability and refreshments.

The morning session was taken up with business and reports. Mrs. Beardsley of Garden Grove led the devotion. Mrs. Viola Norman, county president, was in the chair. Minutes and roll call were read by the secretary, Mrs. Lea Warren. Some excellent talks were made by the presidents of different unions and by superintendents of departments.

Anaheim reported that she is beginning a campaign to rid the city of the saloons. It was voted by the executives that each union would do everything possible to assist Anaheim in this campaign. Several unions reported excellent work done among the Spanish people.

As the County Y. M. C. A. is making efforts to raise money to pay for an automobile lately bought to be used by R. J. Hamilton, county Y. M.

C. A. secretary, in county work, the Orange County W. C. T. U. voted \$25 for the automobile fund.

Some excellent work is being done throughout the county in scientific temperance instruction.

Following the noon luncheon the delegates met at 1:15 o'clock in the Institute session. Rev. Mr. Ashleigh, pastor of the Methodist Church, of Garden Grove, led the devotional service. Miss Steele favored the institution with a solo. "A Trip to Portland" was given in a very interesting manner by Mrs. D. Gervais of Anaheim, who was sent as a delegate from this county to the national convention which was held in Portland in October. Her vivid description of the trip and of the magnitude of that convention brought her hearers very near to the great national convention. A quartet composed of four Garden Grove girls then sang two pleasing selections, and Wayne Holt who won a medal in the Y. M. C. A. contest gave the reading which won the medal.

Mrs. W. D. Tedford spoke on the "Triangle Idea in Education." She handled the subject in a very able manner and also spoke on the Kenyon bill that is to be voted on Feb. 10. This bill has been many years in coming before the house. The delegates passed a resolution endorsing the Red Light Injunction bill and to ask Senator Anderson and Mr. Weisel to endorse this bill.

R. J. Hamilton, county Y. M. C. A. secretary, gave a splendid address on the Triangle League Work of the County. This league work is doing much good and is the means of breaking up a great many bands of cigarette smokers. The membership fees are five cents, a sum that enables every boy and girl to become members. Each member of the league can enter the various contents which are given by the league.

At the close of his talk the president presented Mr. Hamilton with a check for \$25 for the automobile fund. Mr. Hamilton very earnestly thanked the women for the very generous check.

Resolutions Passed
Greetings were sent to Mrs. J. E. Kellogg, the corresponding secretary, and several others who were not able to be present owing to sickness. The following resolutions of sympathy were read by Mrs. Yeoman, chairman of the resolutions committee:

"We, the women of the Orange County W. C. T. U., here assembled to extend to Mrs. Anna Hill, county superintendent of Y. P. B., with her family, our heartfelt sympathy in this time of their bereavement in the loss of their father, Mr. Samuel Hill. We miss the inspiration and enthusiasm of her presence in our executive and command her to the One who said, 'I will heal your broken hearts and bind up your wounds.'"

"We also wish to extend to the Tustin Union our sympathy in the lamentable loss of one of their most efficient members, Mrs. M. A. Vandermeulen who passed on to that glorious life Dec. 24, 1912."

"And to extend to Mrs. A. E. Bennett who is at this time ill at a sanitarium, our love and sympathy in the loss of her mother. We commend her to our loving Heavenly Father who gave us the promise, 'Come unto me all ye who are weary and heavy laden and I will give you rest.'"

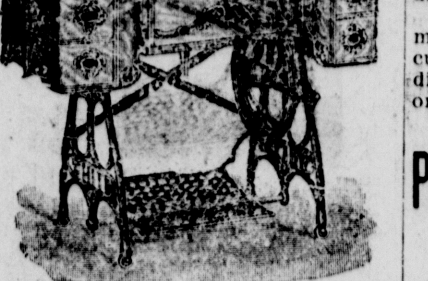

The County W. C. T. U. convention was announced to be held at El Modena and Villa Park April 17 and 18, the first day's session to be at El Modena and the second day at Villa Park.

A rising vote of thanks was extended to Garden Grove Union for the delightful courtesies shown to the delegates attending the executive meeting.

JERRY MOORE IS ASSET TO HIS STATE

17-Year-Old Youth Is Champion Boy Corn Grower of the Whole World

CHICAGO, Feb. 5.—Jerry H. Moore is seventeen years old. He is a quiet, unassuming country boy whose home is Mars Bluff, S. C. He left Chicago the other night after being in the city only five days. During that time his travels never deviated from the straight and narrow path between the Hotel La Salle, where he was living, and the land show at the Coliseum.

Yet Jerry attracted a great deal of attention. The interest in him was not confined to the general run of visitors to the Coliseum. Bankers and financiers took notice of Jerry's coming. He is one of the most important boys in the United States.

Jerry Moore is the champion boy corn grower of the world. On one acre attached to his father's parsonage in South Carolina he raised 228 bushels and two pecks of corn in one season. The average production of corn per acre in the United States is twenty-six bushels. A little thought on these statistics suggests the reason for Jerry's significance.

Oren B. Tait, banker and president of a land credit company, was one of the financiers impressed with the importance of Jerry. He found himself so interested that he sat down and wrote a letter about him. Sentiment didn't enter into it. His interest in the boy was based on cold business judgment.

"Here," he said in effect, "is a boy who has done something. He is a living asset to his state. He can be cashed into corn, and corn is money. The Middle West needs about 100,000 more like him."

"He is one of the boys of the South"—this verbatim—"who has realized that his future lies in being a producer. If boys of Chicago would learn to follow Jerry's example and learn to manage farms that could produce, say an average yield of 100 bushels per acre, they should be rich men."

EAT ANYTHING NOW**

No Indigestion or Upset Stomach for "Pape's Diapepsin" Users

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't sit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.—Advertisement.

POST OFFICE AT ORANGE IS GROWING

Orange News: A pay roll that increased from \$3,400 in 1906 to \$10,500 per year at the present time, and receipts that increased during the same period from \$5,400 to \$12,500 per year, in approximate figures, are records indicating the expansion of the business of the Orange postoffice during the administration of Postmaster N. T. Edwards.

The receipts of the office for January, 1913, were \$1,081.19, as against \$894.42 for the same month of 1912, showing that the large increase is steadily holding up.

When Mr. Edwards took charge of the office in 1906 there were, besides himself, two clerks and two rural carriers engaged in handling the business of the office. The pay roll was about \$3,400 per year, and the receipts about \$5,400. Today, in addition to the postmaster, there are four clerks, three city carriers, three rural carriers, drawing \$10,500 per year, while the receipts of the office will reach about \$12,500.

SHERIFF'S SALE

Notice of Sale of Real Estate Under Execution

In the Superior Court of the County of Los Angeles, State of California. J. E. Branch, Plaintiff, vs. W. J. Kellogg, Melissa H. Kellogg, W. L. Dickerson, Defendants.

Under and by virtue of an Execution issued out of the Superior Court of the County of Los Angeles, State of California, wherein J. E. Branch, plaintiff, and W. J. Kellogg, Melissa H. Kellogg, W. L. Dickerson, defendants, upon a Judgment rendered the 20th day of December, 1912, for the sum of Four Hundred thirty-eight and 53-100 Dollars, gold coin, besides costs and interest; and that the sum of \$453.78, with interest from the 6th day of January, 1913, is now (at the date of this writ) actually due on said Judgment.

I have this day levied upon all the right, title, claim and interest of said defendants (or either of them) in and to the following described real estate, to-wit:

Commencing at the southwest corner of Section Six (6), Township Four (4) South, Range Ten (10) West S. B. B. and M. and running thence north, along the section line 14.68 chains, Thence east 13.61 chains, thence south 14.68 chains and thence west along the section line 13.61 chains to the place of beginning, estimated to contain 20 acres reserving therefrom for roads, railroads, and ditches, a strip of land 30 feet wide along adjoining and each side of the township and section lines and a strip of land 15 feet wide along adjoining and each side of the quarter section lines, also reserving the use and control of cinder-gas and natural lines of water if any, naturally upon, flowing across into or by said described tract and reserving the right of way for and to construct irrigation or drainage ditches through said tract to irrigate or drain adjacent land.

Notice is hereby given, that on Thursday, the 6th day of February, 1913, at 10 o'clock a. m. of said day, I will proceed to sell in front of the south court house door, in the city of Santa Ana, at public auction to the highest bidder for cash in gold coin of the United States, all the right, title, claim and interest of said defendants, (or either of them) of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment with interest and costs.

Given under my hand this 16th day of January, 1913.

GARDEN GROVE NEWS LETTER

GARDEN GROVE, Feb. 5.—The Cook and Perry barber shop has moved into the building vacated by Mr. German, and the Home Lunch room will occupy the entire building. A party in honor of the birthdays of Miss Constance German and Mina Harper was held at the home of W. B. Harper on Friday evening. About twenty were present and a splendid time was enjoyed by all. Delicious refreshments consisting of chicken sandwiches, salad, cake, punch, and candies, were served.

The Parliamentary Club met at the home of H. L. Parks on last Friday evening. A good number was present and a pleasant evening was spent after an hour of instructive study. Ice cream and cake were served.

P. M. German has moved his jewelry stock into his new building across the street and his family is settled in the upper story over the store.

Mr. and Mrs. Paul Swaze have moved into the house of Mrs. Donaldson, which Mr. German has just vacated.

Mr. and Mrs. Elbert Smith who were week-end visitors at the home of N. Carmichael, have returned to their home in San Bernardino.

R. N. Johnson was a visitor at Los Angeles on Saturday.

Mrs. A. L. Davis has sold her eight acre ranch to a party at Pasadena, where Mrs. Davis expects to move soon.

Mr. and Mrs. P. M. Betts of Newport Beach are visiting at the home of Mr. and Mrs. S. Penfold.

Mrs. N. Paulson and daughters, Miss Nettie and Mrs. W. D. Stark, and two children of Los Angeles, spent Friday at the home of Mr. and Mrs. Chas. Swall. Mrs. Paulson is the sister of Mrs. Swall. The occasion was the 87th birthday of W. G. Forrest, the father of Mrs. Swall and Mrs. Paulson.

A. L. Hitchcock of Orange has been employed to expert the county books of Inyo County, and will start for the county seat, Independence, tomorrow to commence the work, which will take him about two months. Hitchcock is an extra good man for that kind of work. He experted Orange County's books last summer, and was employed by the last grand jury to expert the books of the various cities and townships of the county. Hitchcock applied for the Inyo County job, and got it.

This year delegates from all parts will be on hand to represent their section. Our sister state, Arizona, offers many attractions to tourists, visitors, land seekers and California business men in search of new markets.

BOY MISSING FROM HOME TWO WEEKS

The following has been received from Mrs. C. J. Smith of Pasadena: Editor Register—Harold Smith of Pasadena has been missing from his home about two weeks. The lad is about 16 years of age, and when he left his home wore a dark brown corduroy suit, knee pants, a Boy Scout hat and a Boy Scout shirt. He is 5 feet 1½ inches in height, has blue eyes and dark hair, but his most distinctive facial characteristic is that an upper front tooth is broken. Any information of the lad will be thankfully received if addressed to P. O. Box 1954, Pasadena, by his mother, or address Chief of Police Wood of Pasadena.

Respectfully,
MRS. C. J. SMITH.

THE DRUMMER AND TIPS

G. A. Lorenzen, a Chicago cigar salesman, retiring from business the past week, made public his expense accounts, showing \$18,000 paid in tips in twenty years. His average was \$75 per month. "If you don't pay tips," said Mr. Lorenzen, "you are blacklisted." As salesmen's expenses are paid by the house directly or indirectly, the cost of all the unwilling service one meets on the road is added to the price of the goods.

The drummer is a natural prey. The tourist may give up more liberally, but he is occasional and intermittent. Moreover, having a certain amount of free time to himself, he is often inclined to give battle against the Hessians, and either tip not at all or at a low rate.

The drummer, on the other hand, carries impediments. As the soul of an army lies in its commissary wagons, so the soul of the drummer is in his trunks. Many a time he would like to seize a baggage truck and trundle the plaguy things himself. But he can't, as there is another day coming, and the same battle must be fought over again on the tipster's own dunghill. You can't war against all the transportation underworld, if you must travel over and over again the same road.

Perhaps this is one of the reasons why only a certain type of man makes a success as a drummer. Just as he must be able to sleep doubled up on a wooden bench at a junction station, so he must be able to be continuously milked and keep on smiling. And the man with too keen a sense of justice couldn't do it. The energy needed for battling with the doubts of his customers would be frittered away and diverted.

From the viewpoint of the employee, he can do no differently. He is crowded between the low wage on the one hand, and the open palm on the other. And still the public keeps on tipping.

SPARE THE MEADOWLARCS

Those who claim to know assert that the loss to the country as a result of the ravages of insects in a single year is \$420,000,000. To the uninitiated this estimate appears to rest on a very indefinite basis, but assuming that it is only approximately accurate in statement, it is worth considering as an economic factor.

A loss of \$420,000,000 in a single year is something worth mentioning, even when distributed among 90,000,000 losers. Birds are the natural enemies of insect pests.

At Sacramento another attack is being made on the meadowlark. It has been frequently proven that while the meadowlark sometimes eats a little grain, his chief article of diet is the worm and insect from which farmers suffer enormous loss. The grain he eats is but a very small part of his ration and his value as an insect pest destroyer a great deal more than pays for his board on the farm.

Still the plucky legislator who refuses to look into the facts declares war on the most admirable optimist of the feathered tribe and the sweetest songster in our California fields. There is something wrong with a man whose soul fails to respond to the morning appeal of the meadowlark.

The people of California will not stand for legislation that plots against the life of the favorite bird of the orchard and meadow. The meadowlark is a native son. His note is one of the brightest and best things in God's great out-of-doors, and he is entitled to full protection.—Los Angeles Express.

Old subscribers are figuring that the editors of the Congressional Records will be getting out a mighty interesting paper next spring.

Cynics will say the Archibald impeachment is a warning to others not to get caught.

What is a bargain?

MOST of us when we think of the meaning of "bargain" think first—and maybe last—of the price. That's why, so many times, when you see bargains mentioned, the price is strongly emphasized. A good many people seem to be unable to get by this price fact; it fills the mind and the eye.

But a moment's thought will tell you that the price is only a relative thing; it may look like a very low price and still be high, according to what you get for the money. If you can buy \$10 gold pieces at \$9.75, buy all you can get; that's a bargain, because you know exactly the value of what you buy; it's fixed and guaranteed. But you could, for instance, buy a horse for \$50 or another for \$150, and the latter might be a bargain, while the former might be dear at \$40. Depends on the horse.

Now, that's the way with clothes; whether a price is high or low depends on the clothes, not the price.

Hart Schaffner & Marx clothes are \$10-gold-piece clothes;

NEWS AND COMMENT

From the Riverside Press

Opposition has developed in Fresno to the bill providing that county with a third judge, just as opposition has been voiced in Riverside to the plan for a second judge for this county. The directors of the Fresno Chamber of Commerce were asked to make some recommendation on the matter, but declined to do so. They decided to pass the question up to the members of the chamber and a return postal card vote is now being secured.

Tulare county is going Riverside one better on the matter of bonds for permanent roads; and it got pretty cold in the Tulare orange belt also. Petitions are in circulation in that county urging the supervisors to submit a bond issue for \$2,000,000. No amount higher than \$1,500,000 has been suggested here, and many think a smaller sum would serve the purpose.

The Stockton state hospital is the only one in the state located right in a city or town; and the property there has become so valuable that it is proposed to sell it and move the institution to the hospital farm of over 100 acres two miles north of the city. A bill has been introduced in the legislature providing for a commission to investigate the feasibility of this plan.

Retort Imperative

Fenelon had repeatedly boned Richelieu for subscriptions to various charitable schemes and the cardinal always refused to loosen up. One day Fenelon was telling him that he had been looking at his (Richelieu's) new picture. "Did you ask it for a subscription?" inquired the cardinal. "No; I saw there was no chance," replied Fenelon; "it looked so much like you."

IN THE MATTER OF THE SEWER DISTRICT IN THE CITY OF SANTA ANA

Notice of Award of Contract

Pursuant to statute and to Resolution No. 552 of the City of Santa Ana, adopted February 3rd, 1913, directing this Notice.

Notice is hereby given that the Board of Trustees of the City of Santa Ana in open session on the 3rd day of February, 1913, opened, examined and publicly declared all sealed proposals offered for the following work, to-wit:

To construct sewers, the City of Santa Ana in Orange County, State of California, in a connected system of sewers, in a district within the corporate limits of said city hereinafter described upon the following streets, to-wit:

Orange Avenue, from center of McFadden street to the center of East Myrtle street.

Cypress Avenue, from center of McFadden street, to the center of East Myrtle street.

South Main street, from the center of Fairview Avenue to the center of East Myrtle street.

South Sycamore street, from the center of Fairview Avenue to a point 300 feet north of the north line of West Camille street.

South Birch street, from the center line of Fairview Avenue to a point 300 feet north of the north line of West Camille street.

Magnolia Avenue, from the center line of Fairview Avenue to West Camille street, produced west.

South Flower street, from the center line of Fairview Avenue to a point 300 feet north of the north line of West Camille street, produced west.

West Bishop street, from a point 250 feet west of the west line of South Flower street, west to the west line of Morse Villa Tract.

South Shelton street, from the center line of West Bishop street, produced west, south to the center line of Highland street.

Highland street, from a point 250 feet west of the west line of South Flower street, to the center of South Bristol street.

Culbert street, from the center line of South Shelton street to the center line of South Bristol street.

South Bristol street, to Y branch connections to adjacent property.

McFadden street, 7 Y branch connections to adjacent property.

All within the district hereinafter described.

Said sewers to be of vitrified salt-glazed sewer pipe, including manholes, flush tanks, Y branch connections, excavations and work required for said connected sewer system, within said district, according to the plans and specifications for said sewers and work on file in the office of the City Engineer, to which reference is hereby made.

Said district within which said sewers are to be constructed is particularly bounded and described as follows, to-wit:

Commencing at the northeast corner of lot 1, block B, Walnut Grove Tract, Sec. 1, thence west 140 feet, thence northeast to the center line of Myrtle street, and Orange Avenue; thence west along the center line of Myrtle street to the east line of South Main street, thence north 53 feet, thence west along the south line of Palmer's Addition, as shown on the map recorded in Book 34, on page 87 of Miscellaneous Records of Los Angeles County, California, to the south-west corner of said Palmer's Addition, thence west to a point on the north line of lot 1, Plazo Rancho, 150 feet west of the west line of South Bristol street; thence south, parallel and 150 feet west of the west line of South Bristol street to the south line of Lot 2, Plazo Rancho, thence east 180 feet, thence south along the line of Lot 2, to a point 180 feet south of the center line of Fairview Avenue; thence east parallel to Fairview Avenue to a point 180 feet east of the center line of Orange Avenue, produced south; thence north, parallel to the east line of Orange Avenue and 140 feet east therefrom to the place of beginning, including and excluding from said district for assessments, all public streets, avenues, lanes, alleys, courts and places therein included and excluded, the land of the Santa Ana School district, and Santa Ana High School District shall be omitted from assessment, and the cost of the work in front of them shall be paid by the owners of the remaining lots and land in said sewer district.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, entitled "An Act to Provide for the Construction of Sewers within Municipalities," approved March 18th, 1885, and the several acts amendatory thereof or supplementary thereto; also in accordance with the plans and specifications made therefor by the City Engineer of said City of Santa Ana and adopted by said Board of Trustees as the plans and specifications according to which said work shall be done.

And thereafter on the 3rd day of February, 1913, by Resolution of Award No. 552 of said City awarded the contract for said work to the lowest regular responsible bidder, to-wit: To S. M. Kerns at the prices named for said work in his proposal on file, viz: The sewer complete with manholes, junction chambers, flush tanks and lamp holes, or other appurtenances as called for on said plan and profile and by said specifications for the sum of \$13,500. Thirteen Thousand Nine Hundred Dollars.

Said award has been approved by the President of the Board of Trustees of said City of Santa Ana.

Office of the City Clerk, City of Santa Ana, February 5th, 1913. J. C. BURKE, (Seal) City Clerk of the City of Santa Ana, California.

SUCCESSFUL MEETING

Spurgeon School Holds Parent-Teachers' Rally—Mothers Plan Entertainment

The Parent-Teachers' Association of Spurgeon School held a successful meeting yesterday afternoon in the auditorium of the school building. A short but enjoyable program was given. The selections of the youthful orchestra should especially be commended, the orchestra having been organized but ten days. The players were given an enthusiastic encore. The program comprised the following:

Selection—Orchestra.
Song—"Isle of Beauty," Mixed Chorus.
Recitation—Zella Darnell.
Song—Sextette from Santa Lucia, Cecil Frost, Vivian Talbott, Goldie Johnson, Ethel Heidbreder, Marie Zellner, Neva Armstrong.
Following the program questions of interest were discussed by the mothers and teachers, all entering into the discussions with interest. Greatly to the pleasure of the school, the mothers decided to present a picture of Lincoln to the school on February 12, the birthday of the Great Emancipator.

It was also decided by the mothers to give an entertainment in the near future, the affair to be in the nature of a "Deedrick Skule." This entertainment will be participated with lively interest by all concerned.

A pleasant conclusion to this first meeting of the parent-teachers' association since its organization, was the serving of light refreshments and the enjoyment of a social hour during which the teachers and mothers became better acquainted.

A Tin Wedding
A jolly company of friends and neighbors last night invaded the home of Mr. and Mrs. Jno. Ryan on Durant street to help them rightly celebrate the tenth anniversary of their wedding day.

The affair was in the nature of a surprise and was a total success along that line.

Progressive whist was the game of the evening. Mrs. Geo. Ford carrying off honors for ladies' first prize, and Mr. Frank Cryer winning first for the gentlemen, while Miss Gulley and Mr. Graves were respective winners of the "booby."

The awarding of prizes brought forth much merriment, they being of tin and fully carrying out the event being celebrated.

Amid music and jolly conversation, most delicious refreshments of sandwiches, home-made cake and cocoa were served, and the wee sma' hours had crept on ere the guests took their leave.

All voted a most pleasant evening and wished they might all celebrate the event many more times in a like manner.

Socialist Women to Meet
The Woman's Committee, known formerly as the Woman's Socialist Union, will meet at the home of Mrs. Barnes, Thursday afternoon, Feb. 6, at 2:30.

"Current Events" will be the topic for discussion. Everybody invited.

U. P. Young People's Social
The young people of the United Presbyterian Church held a very pleasant social last evening at the beautiful new home of Mr. and Mrs. Frank Todd on Nineteenth street. Thirty young people were present, and a most enjoyable time was had.

The ladies had prepared well filled

USE ALL LEGITIMATE MEANS FOR IMPROVEMENT

Lillian Russell says of improving one's self:

There is no sin in making habit of anything that improves the appearance, for by improving ourselves we are keeping the world and ourselves beautiful. We none of us think lightly of the habit of praying morning and evening. We realize that by so doing we come into close contact with beauty spiritually.

Making habit of study increases beauty mentally, and what a wondrous amount can be accomplished with a comparatively small loss of nervous force when study is made a matter of habit. I have known those who became proficient in a language in a year simply by learning two new words a day. I myself learned French in this way, and was astonished at the amount I had accomplished with so little conscious effort.

We none of us depreciate the value of habit in beautifying spiritually or mentally, so why should we depreciate the value of the physical beauty habit?

I have heard women remark: "Oh, my husband thinks I am just right. He does not want me to use cold creams and powders, soaps or beautifying lotions." Self-satisfaction is the foundation of such remarks, and self-satisfaction is death to beauty. The moment a woman becomes thoroughly satisfied with herself she is lost.

Remember: Cleansing soaps, beautifying creams, bracing tonics, pleasant odors may not be necessary to gain a man's love, but they go a long way toward keeping it.

boxes and these were bought by the young men. Scott Torrens acted as auctioneer and the boxes were sold, the society securing a neat little sum for social purposes. Lively games were indulged in till a late hour.

Entertained Bridge Club
The ladies of the Bridge Whist Club of which Mrs. F. W. Fuller is a member were delightfully entertained at the Fuller home yesterday. Mrs. Russell Scott won first prize, a large mince pie decorated prettily with pink ribbons. The elaborate trimmings created no end of merriment. Mrs. Clyde Walker was consoled for low score with a box of delicious Dragon candy.

The dainty refreshments served by Mrs. Fuller were in pink and white tints.

High School P.-T. Meeting

The Parent-Teachers' Association of the High School will meet tomorrow afternoon in the main building of the High School at 3:30 o'clock. The subject will be a continued discussion of the problem of the social life in the High School. No special committee has been appointed and the discussion will be general.

All parents and teachers interested in this vital question are invited. Those attending are asked to hand in questions for the Question Box, as these afford themes for interesting discussions.

Graduating Class Entertained

Last Friday evening Miss Dorothy Thacker pleasantly entertained the mid-year graduating class of Lincoln school.

The invitations were written in rhyme, and the acceptances, which were also in rhyme, afforded much amusement when read at the party.

The house was beautifully decorated, and the evening was delightfully spent in music and games, after which delicious refreshments were served.

Those present were Miss Pease, the class teacher, and the members of the graduating class: Dorothy Thacker, Laura Davis, Artie Burns, Annie Anderson, Iva Webber, Alice Wood, Fred Forgy, Warren Mansur, Stafford Hurrell, Ralph Beals, James Anderson, Basil Smith and Robert Hill.

Endeavor Social
Mrs. Arthur Hoefer was hostess last night to the Endeavor Society of Zion's Evangelical church, the occasion being the regular monthly meeting of the society.

After business affairs had been disposed of, the young people enjoyed a social hour, the hostess serving refreshments.

Personal
Mr. Harry Nash and family arrived here today from Perry, Iowa, for a visit with Dr. and Mrs. J. P. Spaulding of Hickey street. They are touring Southern California.

Mr. Louis Blankenhorn, who is the owner of 40 acres near Newhope school house which will be put in beats this season, is a visitor in the city. Mr. Blankenhorn is mentioned by both Pasadena papers as a candidate for commissioner under the new commission form of government adopted by that city.

Miss Maud Bidwell and Miss Mary Inch of the Rankin Dry Goods Store recently made a visit to Mrs. Myrtle Garrison Brown, formerly of this city but now living at Pomona. Mrs. Brown is clerking in the suit department of the Orange Belt Emporium of Pomona.

W. N. Crane and family have got into their new home at 506 South Birch street. They formerly lived on West Second street.

Miss Pearl Kelly, who is visiting her brother, H. H. Kelly, of North Main street, went to Los Angeles this morning to spend the day. The young lady's home is at San Bernardino.

Mr. and Mrs. I. T. Graham, the latter formerly Mrs. Sarah Johnson, have leased Mrs. Viola A. Cramer's house on the corner of Sixth and Bush streets and will move in next Saturday.

Mrs. Harry Blee and little daughter spent today with Mrs. Roger Newcomer, who is at the Glendale Sanatorium being treated for nervous troubles.

Miss Henrietta Young went to Los Angeles this morning. This afternoon she saw the road show at the Orpheum.

Mr. and Mrs. G. R. Breckenridge of Orange passed through Santa Ana this morning on their way to Long Beach for a several days' stay.

Reginald Cayce, a former Santa Ana boy, writes from Sydney, Australia, that he is having success in promoting a large amusement park similar to Venice. Reginald will be remembered as a former high school baseball player.

FUNERAL OF MRS. EDITH M. MCKINNEY

Sad and impressive was the funeral rites conducted yesterday by Rev. Frances Watry of the Unitarian Church over the remains of one of Santa Ana's best women, Mrs. Edith Mae McKinney.

Accompanied by Miss Florence Brace, Miss Imogene Tillotson said "Lead Kindly Light" and "My Loved One Rest." Many lovely floral tributes were sent, among these being offerings made by the Unitarian Church, the Woman's Club and other organizations to which she belonged.

The pall bearers were Messrs. O. M. Robbins, George Wright, A. B. Lull, George Nay, Wilson, Vontana.

Mrs. McKinney is survived here by her husband, William McKinney; her sister, Mrs. Kate Bradford, and other relatives and connections as follows: Mrs. and Mrs. Ray Steadman, Mr. and Mrs. Hal Bradford, Gilbert Bradford. She had been suffering greatly for two or three months past and death came as a release.

A friend penned the following lines to Mrs. McKinney:

And sweet was the air in the chapel with the flowers' breath,
For she who loved them yesterday was wrapped up in Death;
Fond hearts for her were aching but she seemed not to care;

The Secret that Death told her with no one could she share;
Still when the last farewell went out in prayer,
Whose voice was it that whispered, "Death is fair"?

ALFALFA SEED IN BIG DEMAND FOR PLANTING IN 1913

FITLARE, Feb. 5.—As an indication of the large acreage which is being planted to alfalfa this year, the Farmers' Union reports that the sale of seed for the last month has been unprecedented. This one establishment alone has sold 3000 pounds to farmers in this vicinity in the last month, while larger consignments have been shipped to various seed houses. The seed this year is exceptionally clean and the price low. First grade is now selling at 13 1/2 cents a pound, as compared with 20 cents at this time last year.

JAPANESE DIET CONVENED—STORMY TIME LOOKED FOR
TOKIO, Feb. 5.—The Japanese Diet convened again today at noon. It is possible that another adjournment may be taken before the budget is introduced. The opposition is reticent to move for a vote for lack of confidence in this government.

If this is insisted upon, the government will dissolve the Diet. Prince Katsuri will not resign the premiership, but will appeal to the country to support the new progressive party he is trying to form.

Notice
The regular annual meeting of the stockholders of the Farmers' Harness, Carriage and Implement Co. will be held Saturday, Feb. 15th, 1913, at the company's office, 218-220 N. Main St. WM. C. JEROME, President.

Japanese Health Rules
The following rules for the general guidance of the people in health matters have been printed and widely distributed by the Japanese government.

1. Spend as much time out of doors as possible. Bask much in the sun and take plenty of exercise. Take care that your respiration is always deep and regular.

2. As regards meals, eat meat only once a day and let the diet be eggs, cereals and vegetables, fruits and fresh cow's milk. Take the last named as much as possible. Masticate your food carefully.

3. Take a hot bath every day and a steam bath once or twice a week if the heart is strong enough to bear it.

4. Early to bed and early to rise. 5. Sleep in a very dark and very quiet room, with windows open. Let the minimum of sleeping hours be six or six and a half hours. In case of women eight and a half hours is advisable.

6. Take one day of absolute rest each week, in which you must refrain from even reading or writing.

7. Try to avoid any outbursts of passion and strong mental stimulations. Do not tax your brain at the occurrence of inevitable incidents or of coming events. Do not say unpleasant things nor listen, if possible to avoid it, to disagreeable things.

8. Be married! Widows and widowers should be married with the least possible delay.

9. Be moderate in the consumption of even tea or coffee, not to say tobacco and alcoholic beverages.

10. Avoid places that are too warm, especially steam heated and badly ventilated rooms.—New York Sun.

CASABAS TO REPLACE ORANGES

Hemet Man Suggests Planting of Late Melons for Eastern Trade and to Keep Packers Busy

HEMET, Feb. 5.—E. J. Burnham has made a suggestion that seems to be a very good one, and that is for the ranchers to combine and plant casaba melons during the next few months, and have the orange packing houses ship their product to the eastern markets.

He believes in view of the fact that the packing houses will be idle this year, that ranchers can pack their melons, combine and ship in carload lots to the East, and realize a handsome profit from the year's crop.

He has sufficient faith in this venture that he will agree to put in ten acres of the late melons himself, and will do all in his power to aid the ranchers if they see fit to go into the combine.

Mr. Burnham states that casabas bring big prices in the East, and that very often a small melon will sell for \$1 to \$2 in New York or Boston. Casabas are planted about the latter part of May and mature when all the early melons have disappeared from the market. Melons in December in the Eastern markets are rare and bring fancy prices.

TEMPLE OF APOLLO IS UNEARTHED BY PROF. SPINAZZOLA

ROME, Feb. 5.—Prof. Spinazzola, in recently exploring the ruins of Cumae, the habitat of the earliest Sibil, and the road leading from the gate of the town to the Acropolis, entirely unearthed a temple of Apollo adorned with Ionic columns and surmounted by a frieze of Apollo lyres. The professor explored the discovery and partially reconstructed it. An inscription was found which proved that it was positively a temple dedicated to Apollo.

Other finds include fragments of a marble statue of Livia Augusta.

OROZCO, SR., ASKS DISCHARGE FROM U. S. CUSTODY

SAN ANTONIO, Feb. 5.—Pascual Orozco, Sr., father of the Mexican rebel leader, filed application yesterday before United States Commissioner Edwards for discharge from custody. Orozco sets forth that he has been held by the federal authorities here the required forty days and that the Mexican government has not produced evidence to warrant his extradition. Hearing was set for today.

DRUNKENNESS
is a curable disease, which requires treatment. The ORRINE treatment can be used with absolute confidence. It destroys all desire for whiskey, beer, or other intoxicants. Can be given in the home. No sanitarium expense. No loss of time from work. Can be given secretly. If after a trial you fail to get any benefit from its use your money will be refunded.

ORRINE is prepared in two forms: No. 1, secret treatment, a powder; ORRINE No. 2, in pill form, for those who desire to take voluntary treatment. Costs only \$1.00 a box. Come in and talk over the matter with us. Ask for booklet. Wingood's Drug Store.—Advertisement.

5 BIG POINTS

Put your money in Old Mother Earth and make it work for you. Go slow about investing in desert land or mud lots when you can get the richest and deepest soil in Southern California under irrigation, in the Yucapla Valley. Note the following five points:

1. Abundance of water for irrigation.
 2. Water for domestic use piped under pressure to every ranch.
 3. Finest soil in Southern California on our "South Bench."
 4. Most up-to-date irrigation system in California.
 5. The Yucapla Valley has the best climate in Southern California.
- And the land is sold at a very fair price, on easy terms and low interest. A new Santa Ana orchards company now being formed. The first one is full but you can get in this one. This will reduce the cost of your trees, planting and care for three years, about one-half. Act promptly for free planting has commenced for this season.
- The co-operative planting and care is very attractive to business and professional men and non-resident ranchers.
- We go up twice a week now. Go with us and see the big development. One day's trip. It is worth while. Call or phone.

THE MARKETS

LOS ANGELES PRODUCE MARKET
Butter fell off 1 cent yesterday, and eggs 3 cents, although both declined some unexpectedly, and are apparently unwarranted at this particular time, with the storage supply of both products reported short. It seems likely that there will be a reaction in the price of eggs, unless the San Francisco market, stays down. There was a decline of 4 cents in the north yesterday. Fresh eggs receipts have been fairly locally. The market has exhibited a great deal of fitfulness in its movements of late.

There was practically no change in the potato and onion market. Sweet potatoes are a little scarcer than usual but can be obtained around \$2.25 to \$2.50 a sack. No dried beans were reported in, and the market continues firm. A shipment of pineapples came in, and relieved in some degree the shortage of this fruit. Grapefruit was a shade easier, although the change in quotations was limited. Firmness will probably characterize the citrus market in a short time, when the poor stock is weeded out. Tangerine oranges are fairly plentiful but do not move very well at \$2 a box. Apples continue in the usual abundance. The supply of pears is still fair, although they are expected to be out of the market soon.

Local ranch eggs sold at 26 cents at the Produce Exchange and creamery extras butter at 38 cents.

GIFTED SPEAKER AND LEADER TO ADDRESS CONVENTION TONIGHT

Part of the Evening's Program
Will Consist of Wedding of
Mexican Couple

Dr. Sheridan of Chicago, general secretary of the Epworth League, is visiting Santa Ana today and holding a convention of the Epworth Leagues of Orange County in the First Methodist Church, corner Sixth and Spurgeon. A Round Table and conference was held this afternoon, led by Dr. and Mrs. Sheridan. This evening at 8 o'clock a supper is served for the Leaguers of the county and at 7:30 a mass meeting will be held, when Dr. Sheridan will speak. The doctor is one of the most gifted pulpit and platform orators of the Methodist Church, and was the chosen leader of the hosts of young people selected by the General Conference last year. Pastors and representatives from all adjoining towns are expected. A unique feature of tonight's service will be the marriage of two members of the Mexican Epworth League, Mr. Francisco Rodriguez and Miss Anita Gollia. This ceremony will be performed at 8 o'clock. Everybody invited.

GLAM SHELLS ARE BROUGHT UP FROM 600-FOOT DEPTH

Another interesting specimen has been brought up from the 600-foot level below the surface of the earth in this vicinity. Two or three years ago, S. Trumpey brought up a piece of petrified bone from the bottom of a well he was digging. Last spring a deep well dug for the Santa Ana Co-operative Sugar Co. threw up a variety of shells. Numerous wells have produced shells of varying depths. Today there was brought in from W. C. Jerome's ranch at Aliso station a rock the size of a man's two hands in which scores of tiny clam shells and some of good size were imbedded. The rock was cut in two by the casing, and a good-sized chunk was brought up. The well is being bored by Brown Bros. The clam shells came from a depth of 600 feet.

DR. ANNA SHAW TO "SHOW"
MISSOURI THAT WOMAN
SUFFRAGE IS GOOD

JEFFERSON CITY, Mo., Feb. 5.—Dr. Anna Shaw and other suffragists will appear Thursday night in the meeting of the joint committee on constitutional amendments of the Missouri legislature to argue for an amendment giving votes to women.

Phoebe Cousins is expected to be present and oppose the amendment.

S. P. CONTROLS MANY LAND AND SEA LINES

Vast Network of Interests Are
Involved in Untying of
Pacific Roads

WASHINGTON, Feb. 5.—That the Southern Pacific-Union Pacific system controls 50,000 tons of vessels tonnage above any other railroad system in the country, is stated in a report made to the President yesterday by the commission of corporations. Luther Conant, on the control of water transportation in the United States by railroads.

The report is the fourth of a series following an investigation of this subject and many details are added to those already made public. According to the report, 46 per cent of the Southern Pacific Company stock is owned by the Oregon Short Line Railroad Company, a subsidiary of the Union Pacific Railroad Company, thus giving the latter an effective working control.

No reference is made to the recent supreme court decision dissolving the Southern Pacific-Union Pacific merger. The adjustments to be made under this decision will be dealt with after the dissolution becomes effective.

The total vessel tonnage of the Southern Pacific-Union Pacific system is given at 252,117 gross tons, the next largest system being the New Haven, with 200,187 tons. All the New Haven tonnage is employed in the domestic trade, while a large part of the Southern Pacific-Union Pacific lines are in the foreign trade.

Many Knots to Untie
Some indication of the problem with which the railroads are confronted in trying to untangle the Southern Pacific-Union Pacific merger in obedience to the order of the supreme court is given in the following outline of the steamship interests of the roads:

"The shipping interests of the Union Pacific-Southern Pacific system embrace lines on the Atlantic, Gulf and Pacific coasts and also some smaller lines operating on inland waters in the vicinity of New Orleans, and others on San Francisco Bay and its tributaries and on the Columbia river.

KNIGHT OF ROAD ON BRAKEBEAMS FROM N.Y. TO ANGEL CITY

Los Angeles Examiner: Falling exhausted on Fifth street as the result of fifteen days of almost steady riding on the bumpers of a Pullman coach, during which ride desert and mountain were crossed, J. J. Doran, a knight of the road, who made the trip from New York to Los Angeles on the brake beams and bumpers, was picked up by officers yesterday two hours after he had completed the trip.

His lungs filled with the alkali dust, and his limbs so tired from holding the same position that he was almost unable to stand, Doran, collapsed at the end of his weary ride. He said that he was arrested only once during the course of his entire trip. This was at Alton, Pa. He went to there on the Pennsylvania road, and then to Topeka, Kansas, getting to Kingman, Ariz., and thus to Los Angeles.

He was taken to the Receiving hospital for treatment, and it was some time before he was revived.

No Need to Stop Work

When the doctor orders you to stop work it staggers you. I can't, you say. You know you are weak, run down and falling in health day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system, to prevent break-down and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c, at all druggists.—Advertisement.

FOE TO AIRCRAFT USEFULNESS

French Army Officer Invents Apparatus to Capsize Planes at Less Than 9000 Feet

PARIS, Feb. 5.—An apparatus which it is claimed will cause an aeroplane of any type to capsize in the air is being investigated by General Hirschauer of the flying corps of the French army. It is claimed that the apparatus, which is light and simple and can be carried in a soldier's turban, is sufficiently heavy to wreck any aeroplane flying lower than nine thousand feet. It is thought the invention if proved practicable may have a serious bearing on the value of the aeroplane in war.
